Agenda

Regular Board Meeting of the Board of Directors

Meeting Location:
Basin Transit Operations Center
62405 Verbena Road
Joshua Tree, CA 92252

It is the intention of Basin Transit to comply with the Americans with Disabilities Act in all respects. If you have a disability and need accommodation to participate in the meeting, please call the Assistant Board Secretary at 760-366-2986 or email michal@basin-transit.com for assistance so the necessary arrangements can be made.

Public comments may be submitted via email to the Assistant Board Secretary at michal@basin-transit.com prior to May 24, 2023, at 5:00 PM with your name, telephone number, and subject of your public comment (agenda item or non-agenda item). If you send written comments, your comments will be made part of the official record of the proceedings and read into the record if they are received by the deadline above.

6.0 ITEMS REMOVED FROM CONSENT CALENDAR FOR DISCUSSION AND/OR PARTICIPATION AND/OR ADDED AGENDA ITEMS

NONE

7.0 OLD BUSINESS

NONE

8.0 NEW BUSINESS

8.1 Revision to Bylaws

Cheri Holsclaw reviewed the recommended changes to the by-laws with the Board. The Board directed the following changes to the draft language:

ARTICLE V

- G) The Board shall designate legal counsel for the Authority, and in the absence of such appointment may be either the City Attorney for Twentynine Palms, the Town of Yucca Valley or the County Counsel for San Bernardino.
- H) The Board shall have the right to designate the Treasurer, and in the absence of such a designation by the Board shall be designated by the General Manager.

ARTICLE VI

A) The Board may select and appoint a General Manager for the Authority, who shall serve at the pleasure of the Board. In the absence of the General Manager position being filled, the Board may appoint an acting or interim General Manager, who shall serve at the pleasure of the Board.

ACTION: Board Member Drozd moved to adopt the updated bylaws with the revised language pending no further changes after legal counsel review; seconded by Board Member Harrington: motion passed by Roll Call Vote (5-0).

8.2 29 Palms Land Purchase

Cheri Holsclaw provided details on the proposed 29 Palms land purchase intended for a future transit center.

ACTION: Board Member Abel moved to approve the land transfer and reimbursement of costs agreement with the City of Twentynine Palms; seconded by Board Member Sasnett: motion passed by Roll Call Vote (5-0).

8.3 Award Security Surveillance Contract

Cheri Holsclaw explained some of the challenges Basin Transit has experienced with the existing security camera footage that is outdated. She further shared the benefits of the security surveillance system proposed by AIS.

ACTION: Board Member Drozd moved to award the security surveillance contract to AIS; seconded by Board Member Harrington: motion passed by Roll Call Vote (5-0).

8.4 FY 2023/24 Draft Operating and Capital Budgets

Cheri Holsclaw presented a detailed review of the items within the FY 2023/24 draft budgets. The Board did not recommend any changes.

9.0 GENERAL MANAGER UPDATE

NONE

10.0 FUTURE BOARD INITIATED AGENDA ITEMS

NONE

11.0 BOARD MEMBER COMMENTS

Board Member Sasnett congratulated Cheri on her evaluation stating she's doing excellent and that he's pleased with the direction Basin Transit is going.

Board Member Drozd agreed with Board Member Sasnett's comments.

Chair Wright shared that he would like staff to review a potential improvement to the bus stops in 29 Palms, on Adobe Rd. between Sunnyslope Dr. and Two Mile Rd, that only have a sign and no bench. He stated that he assisted an elderly lady to the stop and they were both tired once they arrived and unable to rest. Cheri replied that she would check to see where those particular bus stop improvements are within the bus stop improvement plan.

Board Member Abel expressed that he appreciates staff's efforts in keeping the public up-to-date with good PR and also congratulated her on being recognized as one of the five women leading transit agencies in San Bernardino County. He mentioned that he encourages and looks forward to Cheri taking opportunities to share her leadership path with others in the community. Board Member Abel again thanked her for getting the word out on Basin Transit's 300-day safety record.

Chair Wright stated that he got the opportunity to watch Cheri present at a recent Rotary meeting and he thought she did a fantastic job and made him very proud to be a part of Basin Transit.

Chair Wright announced that the next Board meeting will be held on Thursday, May 25, 2023 at 5:00 p.m.

12.0 ADJOURNMENT

The meeting adjourned at 6:00 p.m. Thursday, April 6, 2023.

Respectfully submitted,

Michal Brock, Assistant Board Secretary

TO: Board of Directors

FROM: Cheri Holsclaw, General Manager

DATE: May 25, 2023

FROM: Cheri Holsclaw, General Manager

DATE: May 25, 2023

RE: Ridership Reports

Year-to-date, staff is still continuing to see an increase from the previous year with 17,645 (16%) more passengers. At 124,863 passengers through March, staff anticipates exceeding the target of 140,000 passengers before the end of the fiscal year.

STAFF RECOMMENDATION: RECEIVE AND FILE

TO: Board of Directors

FROM: Cheri Holsclaw, General Manager

DATE: May 25, 2023

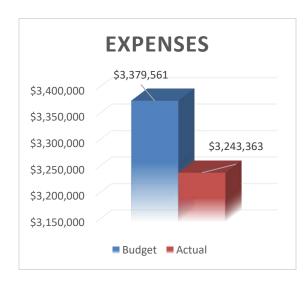

RE: Financial Reports

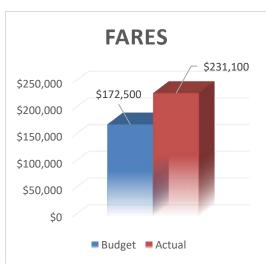

Basin Transit recently received \$95,349 from requesting an Alternative Fuel Credit with the IRS. This fuel credit was to claim a refund of excise taxes for Compressed National Gas (CNG) used at a rate of .50 per gallon in 2022.

At the conclusion of March, Basin Transit expenses were \$136,198 (4%) below budget.

Basin Transit's operating revenues were also ahead of budget.

CNG fuel sold was \$10,941 (38%) ahead of budget. Passenger Fares were \$58,600 (34%) ahead of budget.

STAFF RECOMMENDATION: RECEIVE AND FILE

RE: General Manager's Report

STAFF RECOMMENDATION: RECEIVE AND FILE

General Manager's Report

April & May 2023

CAPITAL PROJECTS

- With Chair Wright's recommendation to look at a bus stop shelter in Twentynine Palms between Sunnyslope Drive and Two Mile Road, staff reviewed the bus stop improvement project list and found this stop to be down on the list due to low ridership. Staff will ensure our Short Range Transit Plan consultants review this bus stop more in-depth in 2024.
- An Indemnification Agreement will go to the City of Twentynine Palms Council regarding the City's use of the property after the transfer. Pursuant to Sections 3 and 5, the City will be responsible for the control and maintenance of the property and will indemnify Basin Transit for any claims. As it will assume control, the City will be responsible for any requisite signage notifying the public that it is private property.
- City of Twentynine Palms Public Works department installed asphalt gradings on the south side of the City Yard, where Basin Transit fuels buses. Staff requested this to prevent drivers from tripping on rugged ground.
- Began discussions with Stantec Consulting Services to get an estimate that would allow them to do an analysis for zero-emission infrastructure and assist Basin Transit in creating an RFP. Reb Guthrie with Stantec Consulting Services was also the consultant who did the specs for the CNG stations that were constructed.

ACTIVITIES

- Staff attended the Morongo Basin Healthcare District and the Town of Yucca Valley's Community Health & Resource Fair on May 6th.
- General Manager chaired the quarterly Public and Specialized Transportation Advisory and Coordination Council (PASTACC) meeting, which held the first Countywide annual public hearing to collect testimony regarding public transportation throughout San Bernardino.

- Two (2) new drivers were recently hired and already possess their Class B licenses and passenger endorsements.
- Walmart was able to give us a bus loading zone out front for our Ready Ride services.

PROCUREMENT

Vehicle purchases made with the Basin Transit's contract were made by Cities of Banning (2x), Delano, Fairfield, Santa Rosa, Redding and County of Kern, Monterey Salinas Transit, Golden Empire Transit, (Bakersfield), Eastern Contra Costa County. While orders are taking place at a fairly brisk pace, deliveries remain constrained.

The Federal Transit Administration (FTA) approved a request made by Basin Transit to add GM chassis vehicles to the existing small bus contract without going out to bid. The ZEB van project was supposed to have come to the Board this May but is delayed. We anticipate bringing this for approval at the next board meeting.

Planning for the large-size bus bid, including electric buses has commenced. The first step is gathering all the agency members and having them enter into a contract with us to participate. This is a significant undertaking that we plan to have done by Fall of 2023.

USE AND INDEMNIFICATION AGREEMENT

	THIS USE AND INDEMNIFICATION AGREEMENT ("Agreement") is made effective
as of _	, 2023 ("Effective Date"), by and between the CITY OF TWENTYNINE
PALM	S, a California municipal corporation ("City") and the MORONGO BASIN TRANSIT
AUTH	ORITY, a joint powers authority ("Basin Transit"). City and Basin Transit are collectively
referre	d to in this Agreement as the "Parties" and individually as a "Party."

RECITALS

- A. Basin Transit is the transit authority that serves the Morongo Basin in San Bernardino County pursuant to a joint power authority agreement between the City, the City of Yucca Valley, and San Bernardino County.
- B. Basin Transit desires to build a transit center in the City (the "**Transit Center**"), upon property the Parties identified and believe will be suitable for such purpose (the "**Transit Center Properties**"). The Transit Center Properties are more particularly described as follows: Lots 71, 72, 73, 74, 80, 81 and 82, of Tract 2520, New Townsite Addition, in the City of Twentynine Palms, County of San Bernardino, State of California, as per Map recorded in Book 36, Page 17 of Maps, in the Office of the County Recorder of said County, having the following Accessor Parcel Numbers: 0617-104-06, 0617-104-07, 0617-104-08, 0617-104-09, 0617-104-15, 0617-104-16, and 0617-104-17.
- C. Basin Transit does not intend to move forward with the proposed Transit Center project for several years.
- D. Until such time as Basin Transit moves forward with the proposed Transit Center project, City desires to use the Transit Center Properties for public parking ("**Public Parking Land Use**"), and Basin Transit agrees to allow such use during that time provided this Agreement is executed and effective.

NOW, THEREFORE, Basin Transit and the City do hereby agree as follows:

- 1. <u>Incorporation of Recitals.</u> The recitals stated hereinabove are incorporated into this Agreement by this reference.
- 2. <u>Use of Transit Center Properties</u>. The City shall have the exclusive use of the Transit Center Properties for public parking during the duration of this Agreement. This Public Parking Land Use shall be at no cost to the City.
- 3. <u>Indemnification</u>. The City shall defend, indemnify, and hold harmless Basin Transit and its agents, officials, officers, and employees from and against any claim, action, or proceeding against Basin Transit or its agents, officials, officers, or employees related to the Public Parking Land Use, including without limitation, all damage, loss, or injury of any kind or nature whatever to persons or property. This defense and indemnification shall include the payment of all

reasonable attorneys' fees and costs incurred by or on behalf of Basin Transit in connection with the Public Parking Land Use.

Basin Transit will promptly notify the City of any claim, action, or proceeding and will cooperate fully in the defense thereof.

- 4. <u>Improvements</u>. The City shall make no improvements, alterations, or modifications to the Transit Center Properties without prior written approval of the General Manager of Basin Transit, who, as part of the approval of this Agreement by the governing board of Basin Transit, shall have such approval authority. Any approved improvements, alterations, or modifications capable of being removed, shall be removed by the City, at its sole cost and expense, upon the written request of Basin Transit.
- 5. <u>Control, Security, and Maintenance</u>. The City shall have operational control of the Transit Center Properties, consistent with their use for public parking. The City shall be responsible to secure the Transit Center Properties and maintain the Transit Center Properties in same or similar manner and condition as other City-owned public parking facilities.
- 6. <u>Termination.</u> Basin Transit may terminate this Agreement without cause upon five (5) days advance written notice to the City.
- 7. **Notice.** Any notice, request, approval or communication delivered by one Party to the other shall be in writing and delivered by one of the following methods: (a) personal delivery; or (b) reputable overnight commercial carrier or delivery service that provides a receipt with the time and date of delivery, addressed as follows:

To City: City of Twentynine Palms

6136 Abode Road

Twentynine Palms, CA 92277 Attention: City Manager

To Basin Transit: Basin Transit

62405 Verbena Road Joshua Tree, CA 92252 Attention: General Manager

Any notice addressed to a Party set forth above in this Section will be deemed received and effective on the earlier of: (i) the date of delivery if personally delivered; or (ii) one (l) day following the receipt of such notice by the overnight carrier or delivery service from the sender, as shown on the sender's delivery invoice from such carrier or service, if delivered by commercial carrier or delivery service.

8. <u>Counterparts.</u> This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail or other means of

electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

9. <u>Authorization and Understanding</u>. Having read and understood this Agreement, all persons signing below represent and warrant that they have been fully authorized to act on behalf of the Party for whom they are signing.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date first above written.

RE: Operations Report

STAFF RECOMMENDATION: RECEIVE AND FILE

Operations Report

May 25, 2023

PERSONNEL

<u>Staffing</u>

Total Coach Operators: February - 26, March - 27

Total Dispatchers: February - 4, March - 4

<u>Overtime</u>

Operators: February – 2.55%, March – 3.79% Dispatchers: February – 5.21%, March – 14.96%

OPERATIONS/ SAFETY/ CUSTOMER SERVICE

On-time performance for the reporting period:

Ready Ride: February – 99.0%, March – 99.0% Fixed Route: February – 94.0%, March – 96.7%

Staff received five (5) customer contacts for February and March. All five (5) of these contacts were recorded as complaints about drivers. All complaints have been addressed with customer follow-up.

As of March 31, 2023, staff completed 2 days free of any preventable accidents and /or injuries. A minor incident with a shopping cart in the Walmart parking lot required the safety board to be reset.

EMPLOYEE TRAINING/RECRUITMENT

Operations and Training Staff are happy to report the hiring of two (2) new employees that are both already licensed and certified to drive. One came to us with experience driving for Foothill Transit and the other is a former School Bus Driver from STA.

MAINTENANCE

The following is the maintenance mileage, road call and cost per mile information for February and March.

February: 4 road calls with 2 tows

Mileage: 54,830 with a CPM (cost per mile) of \$0.75

March: 3 road calls with 0 tows

Mileage: 61,053 with a CPM (cost per mile) of \$0.96

RE: Renewal of Pacific Western Bank Credit Line

Basin Transit annually renews a line of credit that the agency maintains with Pacific Western Bank in the amount of \$500,000.

Basin Transit is required to pay invoices upfront and submit these for reimbursement from a variety of grants. These reimbursements can take up to eight (8) weeks before Basin Transit receives the funds. Staff will endeavor to process reimbursements as expeditiously as possible in order to minimize the use of the credit line.

STAFF RECOMMENDATION: ADOPT RESOLUTION 23-03

RESOLUTION 22-03

A RESOLUTION OF THE BOARD OF THE MORONGO BASIN TRANSIT AUTHORITY ("Authority", "Basin Transit"), OF SAN BERNARDINO COUNTY, AUTHORIZING A BANK LINE OF CREDIT

WHEREAS, the Authority has a need to borrow funds during those occasions that operating support funds from other governmental entities are not received in a timely fashion, and

WHEREAS, it is anticipated that a similar lag in the timely funding of capital improvement procurements from federal, state and local funding sources may occur;

BE IT RESOLVED, that the Board of Directors does hereby authorize a credit line with Pacific Western Bank in an amount not to exceed \$500,000, and subject to such terms as outlined in the Business Loan Agreement as approved and renewed by the Chairman of the Board and Basin Transit Counsel.

BE IT FURTHER RESOLVED, that the General Manager, Chair and Vice Chair or their successors whose signature appears on the Bank's regular signature cards shall be authorized to facilitate the utilization of this credit line.

PASSED AND ADOPTED, by the Board of Directors of the Basin Transit in San Bernardino County, State of California, on the **25**th DAY OF **MAY** 2023.

Chair of the Board
HEREBY CERTIFY that the foregoing Resolution was duly passed and adopted by the Board of Directors of the Basin Transit at a regular meeting thereof, held on the <u>25th DAY OF MAY 2023.</u>

The Entity has the full power and authority to own its properties and to transact the business and activities in which it is presently engaged or presently proposes to engage. The Entity maintains an office at 62405 Verbena Road, Joshua Tree, CA 92252. The Entity shall do all things necessary to preserve and to keep in full force and effect its existence, rights and privileges, and shall comply with all regulations, rules, ordinances, statutes, orders and decrees of the Entity and any other governmental or quasi-governmental authority or court applicable to the Entity and the Entity's business activities.

CERTIFICATES ADOPTED. At a meeting of the appropriate governing body of the Entity, duly called and held on ______, at which a quorum was present and voting, or by other duly authorized action in lieu of a meeting, the resolutions set forth in this Certificate were adopted.

OFFICIALS. The following named persons is an Officials of Morongo Basin Transit Authority, a California government agency:

<u>NAMES</u>	<u>TITLES</u>	<u>AUTHORIZED</u>	ACTUAL SIGNATURES
Cheri Holsclaw	General Manager	Y X	
Matthew Atkins	Office Manager	Y X	
McArthur Wright	Chairman	Y X	
Jeff Drozd	Vice Chairman	Y X	

ACTIONS AUTHORIZED. Any four (4) of the authorized persons listed above may enter into any agreements of any nature with Lender, and those agreements will bind the Entity. Specifically, but without limitation, any four (4) of such authorized persons is authorized, empowered, and directed to do the following for and on behalf of the Entity:

Borrow Money. To borrow, as a cosigner or otherwise, from time to time from Lender, on such terms as may be agreed upon between the Entity and Lender, such sum or sums of money as in their judgment should be borrowed, without limitation.

Execute Notes. To execute and deliver to Lender the promissory note or notes, or other evidence of the Entity's credit accommodations, on Lender's forms, at such rates of interest and on such terms as may be agreed upon, evidencing the sums of money so borrowed or any of the Entity's indebtedness to Lender, and also to execute and deliver to Lender one or more renewals, extensions, modifications, refinancings, consolidations, or substitutions for one or more of the notes, any portion of the notes, or any other evidence of credit accommodations.

Execute Security Documents. To execute and deliver to Lender the forms of mortgage, deed of trust, pledge agreement, hypothecation agreement, and other security agreements and financing statements which Lender may require and which shall evidence the terms and conditions under and pursuant to which such liens and encumbrances, or any of them, are given; and also to execute and deliver to Lender any other written instruments, any chattel paper, or any other collateral, of any kind or nature, which Lender may deem necessary or proper in connection with or pertaining to the giving of the liens and encumbrances. Notwithstanding the foregoing, any one of the above authorized persons may execute, deliver, or record financing statements.

Negotiate Items. To draw, endorse, and discount with Lender all drafts, trade acceptances, promissory notes, or other evidences of indebtedness payable to or belonging to the Entity or in which the Entity may have an interest, and either to receive cash for the same or to cause such proceeds to be credited to the Entity's account with Lender, or to cause such other disposition of the proceeds derived therefrom as they may deem advisable.

Further Acts. In the case of lines of credit, to designate additional or alternate individuals as being authorized to request advances under such lines, and in all cases, to do and perform such other acts and things, to pay any and all fees and costs, and to execute and deliver such other documents and agreements as the Officials may in their discretion deem reasonably necessary or proper in order to carry into effect the provisions of this Certificate. The following person or persons are authorized to request advances and authorize payments under the line of credit until Lender receives from the Entity, at Lender's address shown above, written notice of revocation of such authority: Cheri Holsclaw, General Manager, Matthew Atkins, Office Manager, McArthur Wright, Chairman and Jeff Drozd, Vice Chairman. Acting in their collective and authorized capacity as members of the Borrower Board of Directors.

ASSUMED BUSINESS NAMES. The Entity has filed or recorded all documents or filings required by law relating to all assumed business names used by the Entity. Excluding the name of the Entity, the following is a complete list of all assumed business names under which the Entity does business: **None.**

NOTICES TO LENDER. The Entity will promptly notify Lender in writing at Lender's address shown above (or such other addresses as Lender may designate from time to time) prior to any (A) change in the Entity's name; (B) change in the Entity's assumed business name(s); (C) change in the structure of the Entity; (D) change in the authorized signer(s); (E) change in the Entity's principal office address; (F) change in the Entity's principal residence; or (G) change in any other aspect of the Entity that directly or indirectly relates to any agreements between the Entity and Lender.

CERTIFICATION CONCERNING OFFICIALS AND CERTIFICATES. The Officials named above is duly elected, appointed, or employed by or for the Entity, as the case may be, and occupy the positions set opposite their respective names. This Certificate now stands of record on the books of the Entity, is in full force and effect, and has not been modified or revoked in any manner whatsoever.

CONTINUING VALIDITY. Any and all acts authorized pursuant to this Certificate and performed prior to the passage of this Certificate are

Lender:

Borrower: Morongo Basin Transit Authority, a California

government agency 62405 Verbena Road Joshua Tree, CA 92252 Pacific Western Bank Desert Region Lending 74-750 Highway 111 Indian Wells, CA 92210

Principal Amount: \$500,000.00 Date of Agreement: May 9, 2023

DESCRIPTION OF EXISTING INDEBTEDNESS.

Promissory Note originally made to Pacific Western National Bank, now known as Pacific Western Bank, a California state-chartered bank, dated April 12, 2002 in the original Principal Amount of \$250,000.00, as modified by: Change in Terms Agreements dated April 12, 2003, April 8, 2004, March 24, 2005, April 20, 2006, March 22, 2007, June 11, 2008, May 28, 2009 and May 6, 2010; an Amendment and Extension to Promissory Note dated March 22, 2011; a Change in Terms Agreement dated June 7, 2011; an Amendment and Extension to Promissory Note dated April 20, 2012; and Change in Terms Agreements dated June 15, 2012, June 11, 2013, April 10, 2014, April 6, 2015, March 8, 2016, April 26, 2017, May 7, 2018, April 24, 2019, May 14, 2020, May 4, 2021 and May 5, 2022; together with all renewals, extensions and modifications related thereto (the "Note").

DESCRIPTION OF COLLATERAL.

This loan is unsecured.

DESCRIPTION OF CHANGE IN TERMS. This Change In Terms Agreement ("Agreement") is entered into by Borrower and is effective on the latter of (i) its acceptance by Lender, (ii) the satisfaction of all conditions precedent to effectiveness (if any), or (iii) as of the Date of the Agreement set forth above. Borrower agrees that the terms of the Note, and any other Related Documents described herein, are hereby modified by the terms of this Agreement. To the extent any provision of this Agreement conflicts with the provisions of the Note, or any other Related Documents described herein, then the provisions of this Agreement shall control.

- 1. The Note is hereby modified as follows:
- (a) The Maturity Date is hereby extended to May 10, 2024. Borrower shall make regular payments as further outlined in this Agreement; and
- (b) The authorized signers and persons authorized to request advances and authorize payments on this loan in the provision titled "LINE OF CREDIT" are hereby amended and restated as follows: Cheri Holsclaw, General Manager, Matthew Atkins, Office Manager, McArthur Wright, Chairman and Jeff Drozd, Vice Chairman. Acting in their collective and authorized capacity as members of the Borrower Board of Directors.
- 2. The Business Loan Agreement dated May 4, 2021 is hereby modified as follows:

The section titled "ADVANCE AUTHORITY" is hereby amended to modify/include the following:

ADVANCE AUTHORITY. The following person or persons are authorized to request advances and authorize payments under the line of credit until Lender receives from Borrower, at Lender's address shown above, written notice of revocation of such authority: Cheri Holsclaw, General Manager, Matthew Atkins, Office Manager, McArthur Wright, Chairman and Jeff Drozd, Vice Chairman. Acting in their collective and authorized capacity as members of the Borrower Board of Directors.

PAYMENT. Borrower will pay this loan in one payment of all outstanding principal plus all accrued unpaid interest on May 10, 2024. In addition, Borrower will pay regular monthly payments of all accrued unpaid interest due as of each payment date, beginning June 10, 2023, with all subsequent interest payments to be due on the same day of each month after that.

VARIABLE INTEREST RATE. The interest rate on this loan is subject to change from time to time based on changes in an index which is the Lender's Base Rate (the "Index"). The Index is not necessarily the lowest rate charged by Lender on its loans and is set by Lender in its sole discretion. Lender will tell Borrower the current Index rate upon Borrower's request. The interest rate change will not occur more often than each day. Borrower understands that Lender may make loans based on other rates as well. The Index currently is 9.000% per annum. Interest on the unpaid principal balance of this loan will be calculated as described in the "INTEREST CALCULATION METHOD" paragraph using a rate of 1.500 percentage points over the Index (the "Margin"), adjusted if necessary for any minimum and maximum rate limitations described below, resulting in an initial rate of 10.500%. If Lender determines, in its sole discretion, that the Index has become unavailable or unreliable, either temporarily, indefinitely, or permanently, during the term of this loan, Lender may amend this loan by designating a substantially similar substitute index. Lender may also amend and adjust the Margin to accompany the substitute index. The change to the Margin may be a positive or negative value, or zero. In making these amendments, Lender may take into consideration any then-prevailing market convention for selecting a substitute index and margin for the specific Index that is unavailable or unreliable. Such an amendment to the terms of this loan will become effective and bind Borrower 10 business days after Lender gives written notice to Borrower without any action or consent of the Borrower. NOTICE: Under no circumstances will the interest rate on this loan be less than 5.500% per annum or more than the maximum rate allowed by applicable law.

INTEREST CALCULATION METHOD. Interest on this loan is computed on a 365/360 basis; that is, by applying the ratio of the interest rate over a year of 360 days, multiplied by the outstanding principal balance, multiplied by the actual number of days the principal balance is outstanding. All interest payable under this loan is computed using this method.

CONTINUING VALIDITY. Except as expressly changed by this Agreement, the terms of the original obligation or obligations, including all agreements evidenced or securing the obligation(s), remain unchanged and in full force and effect. Consent by Lender to this Agreement does not waive Lender's right to strict performance of the obligation(s) as changed, nor obligate Lender to make any future change in terms. Nothing in this Agreement will constitute a satisfaction of the obligation(s). It is the intention of Lender to retain as liable parties all makers and endorsers of the original obligation(s), including accommodation parties, unless a party is expressly released by Lender in writing. Any maker or endorser, including accommodation makers, will not be released by virtue of this Agreement. If any person who signed the original obligation does not sign this Agreement below, then all persons signing below acknowledge that this Agreement is given conditionally, based on the representation to Lender that the non-signing party consents to the changes and provisions of this Agreement or otherwise will not be released by it. This waiver applies not only to any initial extension, modification or release, but also to all such subsequent actions.

INTEGRATION. The parties agree that (a) this Agreement, the Construction Loan Agreement or Business Loan Agreement, as applicable, which governs the Note, together with all of the Related Documents, represents the final agreement between the parties, and therefore incorporates all negotiations of the parties hereto (b) there are no unwritten oral agreements between the parties, and (c) this Agreement may not be

Page 2

CHANGE IN TERMS AGREEMENT (Continued)

Loan No: 1604735531

contradicted by evidence of any prior, contemporaneous, or subsequent oral agreements or understandings of the parties.

PRIOR TO SIGNING THIS AGREEMENT, BORROWER READ AND UNDERSTOOD ALL THE PROVISIONS OF THIS AGREEMENT, INCLUDING THE VARIABLE INTEREST RATE PROVISIONS. BORROWER AGREES TO THE TERMS OF THE AGREEMENT.

RE: Accounting Procedures Update

Staff updated the Accounting Procedures to reflect the following:

- Basin Transit name throughout the document.
- Funds Received
 - Opening the vault directly under the surveillance cameras.
 - Segregation of Office Clerk duties. One person is to count fares directly under the surveillance camera and a separate person is required to complete the reconciliations and necessary reports.
- Closing Procedures
 - Added LAIF Fair Market Value to year-end adjusting entries

STAFF RECOMMENDATION: ADOPT UPDATED ACCOUNTING PROCEDURES

BASIN TRANSIT ACCOUNTING PROCEDURES

The financial records of the Morongo Basin Transit Authority (Basin Transit) are maintained in Quickbooks using the accrual basis of accounting. Access to the accounting system is controlled to maintain the reliability and integrity of the data. The General Manager and Office Manager have full access to the entire system including setup and administration.

FUNDS RECEIVED

The funds received policies and procedures ensure that all incoming funds are properly recorded and safeguarded through separation of duties and proper documentation. The General Manager may designate which staff is authorized to collect incoming Basin Transit funds.

At the end of the shift, the Driver must remove the vault from the farebox, open the vault directly under the surveillance camera, dump cash fares into the pouch provided, seal the pouch, lock the empty vault, then drop the sealed pouch containing cash fares into the safe. Absolutely no cash handling from a vault or farebox without the direct observation of the surveillance camera or a supervisor or manager.

In cases where a bus will operate beyond dispatch hours, the on-duty driver can defer the vaulting of the bus until the next business day. The Driver must leave a clear written and verbal message for the next Dispatcher to vault the bus as soon as possible.

Fares are removed from the safe and counted by the P/T Office Clerk. Opening sealed pouches and counting the fares must be done in the Auditing Room/Office Clerk room under the surveillance camera. At the completion of the count, a deposit slip is prepared for the counted fares and money with completed forms is placed in a pouch. The Daily Cash Count will be initialed and this, along with a copy of the deposit slip, will be given to the Full-time Office Clerk. At no time will the P/T Office Clerk have access to the Driver's paperwork prior to the completion of counting fares.

The Daily Revenue entries and Daily Farebox Reconciliation Report is required to be completed by the Full-time Office Clerk, initialed then given to the Office Manager. The deposit is entered into the accounting system and filed in chronological order for the month. The driver is consulted in the event there is a \$10 discrepancy between the farebox and tick marks.

All other procedures are null and void and any addition or change of this procedure must be made by the Supervisor if needed and approved by management. In the case of an emergency, only the General Manager or Office Manager can change the cash handling procedure with verbal then written notification to management.

Cash may be accepted from office staff in payment of amounts due to the Basin Transit for passes, copies, faxes, or other expenses. Checks and money orders are promptly logged onto the Cash Reconciliation sheet and given to the P/T Office Clerk for processing these deposits. The P/T Office Clerk verifies the checks and cash to documentation received, makes a copy of the check and prepares the deposit for delivery to the bank. A copy of the check or money order is provided to Office Manager.

Any deviation from this procedure will lead to criminal investigation and possible discipline up to dismissal.

DEPOSITS

Staff designated by the General Manager is responsible for transporting the cash deposits to the bank where the deposits are made. Funds awaiting bank deposit are kept in a locked file/safe with access limited to staff designated by General Manager. Bank confirmations are delivered to the Office Manager for reconciliation and then provided to the P/T Office Clerk to attach to backup documentation.

PETTY CASH

Petty cash is kept in a locked box and secured in a locked filing cabinet. Petty cash access is limited to staff assigned by the General Manager. The Office Manager and Office Clerk share a key to the box. If funds are requested to make a purchase, the purchaser must complete a Petty Cash receipt for the amount of funds received prior to providing the requested funds. The purchaser must submit receipts for all purchases to the Office Manager or Office Clerk, including change if funds were requested prior to purchase. In the case of a lost receipt, the General Manager or other designee may approve a disbursement based on a memo describing the item and cost.

The Office Manager or Office Clerk will ensure that the petty cash slip is properly completed and a proper receipt is attached and ensure that the petty cash box contains receipts and cash totaling the amount of the fund at all times. Any irregularities in the petty cash fund are reported immediately to the General Manager.

Requests to replenish the fund are completed by the Office Manager and approved by the General Manager. Petty cash replenishment checks are made out to the Basin Transit and cash is withdrawn from the daily fare deposit. A spreadsheet of Petty Cash deposits and withdrawals, along with receipts, is attached to each Petty Cash check stub.

FUNDS DISBURSED

Access to the check printing system is limited to accounting staff and is controlled by the Office Manager. Managers may authorize expenditures within their departments.

Check Writing Procedures

Payment for supplies or services is made based on invoices. Invoices are approved by the department Manager and given to the Office Manager to be entered into Quickbooks. Checks are automatically numbered. Checks over \$2,500 must have two signatures. Checks are not to be post-dated, signed blank, or made out to cash. Voided or spoiled checks will have the word VOID in large letters across the check and filed. Check stock is kept in a locked drawer within the Office Manager's office.

Check Approval Process

This procedure is designed to ensure that all checks have adequate documentation and authorization and that there are no missing checks or checks written to phantom vendors. The batch of checks, along with the invoice and any other documentation is given to the General Manager (or Operations Manager in the absence of the General Manager) in check number sequence to be reviewed and signed. The batch is then returned to the Office Manager as authorization to mail or release the check to the vendor.

A copy of each check stub is attached to the invoice in addition to any other documentation and filed in the respective Accounts Payable vendor files.

Checks are mailed to vendors by staff unless specific arrangements have been made in advance for pickup of checks at the office. If a check is picked up, the person picking up the check must provide identification which agrees with the payee on the check or must have verifiable written authorization from the payee to pick up the check.

Electronic Payment and Transfers:

Electronic banking allows wire transfers, electronic transfers, stop payments on checks, and account balance inquiries be initiated and completed via telephone. Transfers can only be approved and sent by the General Manager or Office Manager and can only be transferred between Basin Transit accounts.

PAYROLL

Access to the payroll system is controlled to assure accurate and confidential data. Access is limited to accounting staff responsible for payroll processes. Payroll is processed by the Office Clerk and Office Manager on a bi-weekly basis. Payroll is based on time sheets completed by dispatch and employees and approved by supervisors. Timesheets will reflect the use of sick, vacation, or other leave time, if applicable. Overtime for Non-Exempt employees requires the prior approval of the employee's supervisor.

New hires and salary and/or benefit changes must be approved by the department Manager. A "Notice to Payroll" authorizing the salary, wages and employee position is signed by the department Manager and/or Supervisor and forwarded to the Office Manager for processing.

Payroll records are maintained by the Office Manager in a confidential manner. Information regarding payroll will not be discussed with other staff. Files must be in locked cabinets with access limited to designated personnel.

Documents that verify tax withholding and authorize other deductions are filed in the personnel files by Office Clerk. A separate file contains the I-9 forms for each current employee and is maintained by the Office Clerk. Health insurance and direct deposit information is kept in a locked file in the Office Manager's office.

Payroll Preparation and Payment

Timesheet information is entered into a spreadsheet by the Office Clerk then electronically submitted to the Office Manager. Payroll data is maintained on line and transmitted to the payroll service for processing.

The General Manager or designee receives the payroll vouchers, checks, and reports directly from the payroll service to assure that all of the checks are for actual employees or other required payments (i.e. garnishments). The General Manager is required to sign this documentation to provide evidence of review for the payroll information including, but not limited to, the review of employee name and amount. Once the documents have been signed indicating approval by the General Manager, the Office Manager verifies the payroll is accurate and complete by verification against submission data and enters information into the General Ledger using a Journal Entry. A majority of paychecks are directly deposited to the employees' bank accounts. Employees with direct deposit receive paystubs which detail all deductions.

The payroll service is responsible for tax payments and reports. Payroll tax deposits are made by the payroll service. Reports are reviewed by the Office Manager to verify the accuracy of the deposits.

BANK ACCOUNTS

The General Manager or designee must receive the unopened bank statements. The General Manager will formally approve the bank statement evidencing his review of the following:

- The sequence of check numbers; including tracing to the sequence of checks to previous statements to provide for a complete sequence during each fiscal year,
- The signatures on each check,
- That vendor is on the approved vendor listing within Quickbooks.

The bank statement will then be forwarded to the Office Manager for the monthly bank reconciliation. At the end of the month, the Office Manager reconciles all bank accounts and prints out the log, along with the trial balance to submit to the Treasurer (*The City of*

Twentynine Palms Finance Director), retaining one copy. The Treasurer will review and reconcile all documentation for adequacy – documenting such review. Treasurer reports get approved by the Board of Directors.

The Board of Directors may delegate by resolution the authority for the board Chair, Vice-Chair, Secretary, Assistant Secretary and Treasurer to establish bank accounts and set signatory authority.

Bank accounts are established to meet the needs of the organization for separation of funds and the specific requirements of funding sources. All other accounts, where possible, are established to maximize the use and earnings of cash.

ACCOUNTS RECEIVABLE

For each grant, contract, loan or other agreement, the General Manager will designate the staff responsible for preparation of invoices, payment requests, or reports necessary to secure payment. The following procedures ensure that all requests for funds are properly recorded and tracked.

Generally, the Office Manager processes invoices to agencies, with copies provided to the General Manager. The Office Manager prepares requests for funds from agencies and signed by the General Manager prior to mailing. Aged receivables are reviewed by General Manager. Write-offs of uncollectible receivables must be approved by the General Manager and documented through the general journal entry for each write-off.

GRANTS AND CONTRACTS

Contract and grant documents are reviewed, approved and signed by the General Manager with a copy provided to the Office Manager. The General Manager will carefully review each award to ensure that Basin Transit will be in compliance with all financial provisions. The Office Manager will carefully review each award to ensure that all programmatic provisions will be met.

The Office Manager will be responsible for the preparation of reports, payment requests and/or invoices and reviewed by the General Manager. The Office Manager will maintain individual contract files containing copies of the grant/contract, any amendments, relevant correspondence regarding the grant/contract, and reports of expenditures or billings. A log of all grants/contracts is maintained by the Office Manager detailing grant/contract numbers, grant/contract amounts and effective dates.

BUDGETS

Budgets provide a standard by which to measure performance, encourage planning, and allocate resources in accordance with funding source requirements. Budgets should use reasonable assumptions of income and expenses.

The Basin Transit budget is prepared by the General Manager. The General Manager will submit an annual budget to the Board of Directors for their approval.

LOANS

Third-Party Loans from outside sources (bank, other agencies, etc.) are authorized through board action. Loans are initiated by the General Manager or other designee. The bank requires confirmation from the Chairman of the Board.

CLOSING PROCEDURES

- Provide year-end adjusting entries to General Manager for approval. Post in General Ledger. These entries should include:
 - a. HRA Accrual
 - b. Compensated Absences
 - c. Payroll Liability
 - d. Depreciation of Capital Assets
 - e. Deferred Revenue
 - f. LAIF Fair Market Value (FMV)
- 2. Print Trial Balance, Balance Sheet and Profit and Loss Statement.

- 3. Close and password protect the last fiscal year. This prevents transactions from being posted to the wrong period or to the wrong year.
- 4. Create a backup.

CLOSING TIMELINE

- 1. Fiscal Year ends June 30
- Begin Year End Closing on Aug 1
- 3. Have documents ready for Auditors no later than Aug 15:
 - a. Trial Balance
 - b. General Ledger Detail
 - c. Revenue Summary
 - d. Expense Summary
 - e. Check Register Report
 - f. Cash Receipts Report
 - g. Checks after FY Report

FIXED ASSET AND CAPITAL PURCHASE POLICY

A Fixed Asset is any tangible asset purchased for use in the day-to-day than one year and has a value of \$300 or more. Fixed Assets include items of property and equipment such as buildings, office furniture, fixtures, computers and other related technology equipment operations of Basin Transit from which an economic benefit will be derived over a periodgreater

At the time a fixed asset is acquired, its cost is capitalized and subsequently depreciated utilizing the straight-line method over the asset's estimated useful life. Fixed assets with a value of less than \$300 are expensed in the period acquired. Basin Transit will use the estimated useful lives listed in IRS Publication 946, General Depreciation System.

There are several types of capital assets. Specifically:

Computer: Hardware, peripheral equipment and other electronics. Computer hardware includes all parts designed in order for the computer to function as intended. It includes but is not limited to hard drives, monitors, key boards, printers and scanners. Other electronics include backup peripherals, cameras, cellular phones, etc. Computer software includes all programs designed to cause a computer to perform a desired function. If the software can be purchased "off the shelf", it may be expensed in the year purchased. (5 years)

Office & Maintenance Equipment: These items are not permanently affixed to a part of the building. Examples include chairs, desks, filing cabinets, bookcases, light fixtures, fire control apparatus etc. Some moveable equipment consists of more than one component. For example, a computer, keyboard etc. The assembled components may be considered one time and recorded as a single capital asset. (*Tyears*)

Buildings and Improvements: Buildings are roofed structures used for permanent shelter of persons, furniture and equipment and include items such as plumbing, electrical system, elevators, and HVAC systems. Major improvement projects that will extend the useful life of the asset, increase the efficiency, or add new capabilities will be capitalized. An example of this would be adding a new roof. All costs including parts and labor will be included in the total cost of the project. (20 years)

Land and Land Improvements: Land is defined as the solid part of the earth's surface whether improved or unimproved. Land improvements are modifications to outside areas. Examples include, installing bus pullouts, sidewalks, parking lots, fences, and yard lighting. (10 years)

Vehicles: These items include vans, buses, maintenance trucks and lunch relief cars. (5, 7, 10 or 12 years)

Purchasing a fixed asset is done in the same manner as any other purchase of goods if it has been approved through the capital budget process. The department prepares a Purchase Order (attaching the packing slip and invoice) and acquires approval of the General Manager. See the Procurement Policy for further clarification.

Disposal of Fixed Assets:

The General Manager as Purchasing Officer is authorized per the Basin Transit's Purchasing Policy to dispose of surplus, worn out, or obsolete supplies and equipment by advertising and public bid; provided, however, no bid will be made or accepted from any employee or officer of the Basin Transit. In the event there are no acceptable bids from the public, bidding may then be opened to employees. At the discretion of the General Manager, assets may be disposed of either through sale, trade, transfer, relocation, scrap, or when irreparable damage results in an insurance loss.

If federally financed, disposition of a fixed asset is done in accordance with FTA Circular 5010.D and 49 CFR Part 18 or their successors.

GRANTS CASH MANAGEMENT COMPLIANCE REQUIREMENTS

Basin Transit will comply with requirements of 2 CFR section 200.305. Basin Transit will minimize the time elapsing between the transfer of funds from the U.S. Treasury or pass-through entity and disbursement by Basin Transit for direct program or project costs and the proportionate share of allowable indirect costs, whether the payment is made by electronic funds transfer, or issuance or redemption of checks, warrants, or payment by other means (2 CFR section 200.305(b)).

For cost-reimbursement contracts under the Federal Acquisition Regulation (FAR), reimbursement payment is the predominate method of funding. Advance payments under FAR-based contracts are rare. The FAR clause at 48 CFR section 52.216-7 applies to reimbursement payment. Paragraph (b)(1) of that clause requires that Basin Transit request reimbursement for (a) only allocable, allowable, and reasonable contract costs that have already been paid, or (b) if Basin Transit is not delinquent in paying costs of contract

performance in the ordinary course of business, costs incurred, but not necessarily paid. As defined in 48 CFR section 52.216-7(b)(1), with relation to supplies and services purchased for use on the contract, "ordinary course of business" would be in accordance with the terms and conditions of a subcontract or invoice, and ordinarily within 30 days of the request to the Federal Government for Reimbursement.

For cost-reimbursement contracts using advance payment, the requirements are contained in the FAR clause at 48 CFR section 52.232-12. Basin Transit is required to account for interest earned on advances from the Federal Government in accordance with paragraph (f) of that clause.

RE: Transportation Reimbursement Escort Program (TREP) Update

TREP is a mileage reimbursement transportation program that began January 4, 2018 and was designed to provide an incentive for volunteer drivers to assist eligible individuals who are unable to access public transportation or drive by providing necessary, escorted transportation.

TREP KEY POINTS

- TREP Committee reviews applications: Ben Sasnett, Cheri Holsclaw, Paula Baldwin
- Once forms are verified for eligibility, Basin Transit allocates:
 - A monthly mileage limit of 300 miles
 - Mileage reimbursement rate of 30 cents per mile
- The Rider is responsible for recruiting and paying their volunteer driver
- The Rider keeps track of the trips and miles driven to transport them

PROGRAM TOTAL INFORMATION

We have 174 TREP Clients.

493,419 miles (30,777 one-way trips) have been reimbursed since January 2018.

	Revenue	Expense	Balance
5310 Grant Original	\$180,117		
5310 Grant Extended	\$235,336		
Program Administrator		\$22,077	
Client Relations Clerk		\$186,656

RE: Approval of FY 2023/24 Operating and Capital Budgets

Presented for your approval are the fully-funded FY 2023/24 final Operating, Capital & Taxicab Budgets for Basin Transit.

The draft budget presented to the Board on April 6, 2023 was circulated to the member agencies. One (1) slight change was made from the draft version to this final version bringing the overall budget from a 1.10% increase to -0.29%.

1. Line 68: Insurance was originally projected to have a 15% increase. Staff recently received the final coverage amount from CalTIP and found it was actually 1.87% lower than the previous fiscal year.

Attached for your reference are the following:

- Basin Transit Operating & Capital Budgets
- Taxi Budget
- Staff Report for Draft Budget

STAFF RECOMMENDATION: CONDUCT PUBLIC HEARING AND APPROVE FY 2023/24 OPERATING, CAPITAL AND TAXICAB BUDGETS; AUTHORIZE STAFF TO SUBMIT TRANSIT CLAIM

DATE: April 6, 2023

RE: FY 2023/24 Draft Operating and Capital Budgets

Staff proposes a fully-funded budget for Fiscal Year 2023/24. Summary of factors used in developing the FY 2023/24 Operating Budget are as follows:

Revenues

- Passenger Fares (\$264,500) is a conservative estimate; an increase of 15% from FY23.
- Federal 5311 funding **(\$579,901)** is apportioned on an annual basis to non-urban areas based on the size of the rural population.
- Other Funds (\$13,654) include miscellaneous revenues such as interest income, gain of assets, taxi rent, etc.
- Natural Gas (\$35,394) includes Renewable Natural Gas credits monetized by Clean Energy and Compressed Natural Gas fuel sold.
- Measure I funds (\$152,900) is a half-cent sales tax collected throughout San Bernardino County for transportation improvements for service to the senior and disabled.
- AB 2766 (\$40,000) is an ongoing fixed apportionment. AB 2766 is a bill
 that authorized a \$6 motor vehicle registration fee surcharge to provide
 funds to local jurisdictions that assist in the reduction of mobile source
 emissions (such as funding transit operations).
- LTF (\$5,595,300) is budgeted to cover operating expenses. Local
 Transportation Fund (LTF) comes from .25% of sales tax generated within
 the County. The Transportation Development Act (TDA) provides LTF
 which is a major source of funding for public transportation. Per SBCTA,
 any LTF operating revenue that exceeds our operating expenses must go
 towards vehicles and zero-emission infrastructure before we are eligible
 for CMAQ funds.

Expenses are projected to be **1.10%** more than last Fiscal Year.

Basin Transit has historically based the cost-of-living adjustment (COLA) on the December Consumer Pricing Index (CPI) report. The increased cost of consumables as noted in the CPI as of December 2022 for San Bernardino was 7.5%.

Administrative Expenses show a 1.78% increase.

- Wages (*Lines 9-12*): Administrative staff would receive 7.5% COLA. Staff not on the final step would be eligible for their 5% merit increase.
- Board Meetings (*Line 13*): The 33% decrease reflects board meetings being held every other month.
- Payroll Taxes (*Line 14*): Increased wages result in additional payroll taxes.
- Health & Welfare (*Line 15*): 11.39% increase due to new health plan policy, approved by the Board in November 2022.
- Retirement (*Line 16*): In addition to CalPERS increasing the employer rate to 10.1%, increased wages result in higher employer contributions.
- Outside Services (Line 18): Decreased by 20% because there was room to cut costs.
- Professional Fees (*Line 19*): Increased legal costs to update the bylaws and handbook were completed in FY 2022/23, allowing us to budget less for FY 2023/24.
- Leases/Rents/Software (*Line 20*): Leasing and rent fees no longer apply.
- Utilities (*Line 21*): Utility costs continue to increase.
- Printing & Reproduction (*Line 25*): Rebranding was completed in FY 2022/23, allowing us to budget less for FY 2023/24.

Maintenance Expenses show a 6.99% increase.

- Wages (*Lines 29-33*): Maintenance staff would receive 7.5% COLA. Staff not on the final step would be eligible for their 5% merit increase.
- Payroll Taxes (*Line 34*): Increased wages result in additional payroll taxes.
- Retirement (*Line 36*): In addition to CalPERS increasing the employer rate to 10.1%, increased wages result in higher employer contributions.
- Uniforms (*Line 37*): An increase of 60% is due to having an additional utility worker, whose uniforms are to be cleaned weekly, as well as Prudential increasing their costs.
- Lines 39-41: Vendors have increased their costs.
- Lines 43-46: Cutting costs where possible.

Operations Expenses show an 0.17% decrease.

- Wages (*Lines 51-53*): Operations Manager, Supervisor, and Operators would receive 7.5% COLA. Staff not on the final step would be eligible for their 5% merit increase. These line items also include adding Juneteenth as a holiday operating on a normal bus schedule.
- Dispatch Wages (*Line 54*): Dispatchers would receive 7.5% COLA. The Lead Dispatcher would increase from \$1/per hour more than a dispatcher to \$2/per hour more, resulting in a 7.57% increase.
- Payroll Taxes (*Line 55*): Increased wages result in additional payroll taxes.
- Health & Welfare (*Line 56*): 40.72% decrease due to new health plan policy, as well as reallocates California Employer's Retiree Benefit Trust (CERBT) as a capital expense, per Audit Finding.
- Retirement (*Line 57*): Reallocating California Employer's Pension Prefunding Trust (CEPPT) as a capital expense reduces our Retirement operations by 26.27%.
- Safety Incentive Program (*Line 58*): Increased to anticipate reaching 300 safety days again.
- Worker's Comp (*Line 59*): Few claims have brought our Worker's Comp insurance estimate down by 25.74%.
- Other Employee Expense (*Line 60*): This increase allows for two Basin Transit bowling league teams, to try out an Attendance Incentive and an increased budget for end-of-year recognition. This budget line item also includes random drug & alcohol testing, DMV reimbursements, and physicals.
- Uniforms (*Line 62*): Rebranding was completed in FY 2022/23, allowing us to budget less for FY 2023/24.
- Tel/cell/internet/fax (*Line 64*): An increase of \$45.96% is to include cellular service on tablets to install in buses to prepare for Intelligent Transit System (ITS) technology.
- Radio Exp. (*Line 65*): Cutting costs where possible.
- Fuel (*Line 66*): SoCal Gas announced plans to further increase its prices. We use SoCal Gas to fuel our Natural Gas Vehicles.
- Insurance (*Line 68*): There is a projected 15% increase in insurance coverage throughout the CalTIP pool.

The FY 2023/24 Capital budget is included in lines 72-80 which total **\$3,072,990**. This includes the following:

 STAF (\$169,005): \$50,000 in Operations Support covers everything from replacement computers to large annual software costs. \$78,133 is our match for CMAQ dollars to replace buses 32, 33, 34 & 36. \$40,892 are the remaining funds we need to complete the bus stop in front of Pizza Hut on Highway 62 in Twentynine Palms.

- CMAQ (\$745,070): These replacement vehicles are in accordance with our Short Range Transit Plan (SRTP) and Federal Transportation Improvement Program (FTIP) to replace buses 32, 33, 34 & 36.
- SGR **(\$127,536)**: Partial funding to install Intelligent Transit System (ITS) technology on our buses with a \$311,464 match in LTF.
- LTF (\$1,893,864): \$290,388 is to cover our CERPT and CEPPT payments to CalPERS, \$1,190,708 to fund a solar project in preparation for an all zero-emission fleet, and \$101,304 is allocated for Zero Emissions infrastructure required to meet the mandate.
- LCTOP (\$137,515): To construct and install a bus stop at the Morongo Valley Post Office. An additional \$55,000 in LCTOP funds is budgeted within Passenger Fares to subsidize fares for K-12 students.

Additional funding from competitive grants will continue to be sought after and will be added to the budget as Basin Transit is awarded during the fiscal year.

TREP Budget (Lines 81-85)

TREP program is funded by a 5310 Caltrans grant to administer the program. This is a volunteer driver mileage reimbursement program and is designed to help fill transportation gaps that exist in the Basin by helping people in inaccessible parts of Basin Transit's service area to get to town for lifeline services. Revenue: \$114,526 / Expenses: \$114,526

Procurement Budget (Lines 86-89)

Basin Transit's Procurement Program is an arrangement with the California Association for Coordinated Transportation (CalACT) wherein access to Basin Transit's vehicle contracts and bus specifications is granted to the association's membership for a procurement fee shared equally between the agency and CalACT.

- Allocation of \$80,000 to the Transit Assistance Grant (TAG) program to be approved by the Board. The TAG program is designed to assist local agencies and non-profits in the Morongo Basin with the implementation of transportation programs that improve access to or augment Basin Transit services.
- \$163,505 to cover expenses that may be occurred for the administration of the procurement program, including a 7.5% COLA for the Procurement Director's wages.

Taxi Budget (Lines 90-92)

Basin Transit regulates taxi activities. Due to fewer cabs and companies in operations, liability insurance costs will decrease to \$100 per month. Basin Transit estimates a revenue income of only \$4,200 with expenses in the amount of \$7,570. The taxi bank account has a reserve from revenue generated in previous years to cover the deficit.

<u>STAFF RECOMMENDATION</u>: REVIEW, DISCUSS AND PROVIDE DIRECTION TO STAFF (NO ACTION)

BASIN TRANSIT

TO: Board of Directors

FROM: Cheri Holsclaw, General Manager

DATE: May 25, 2023

RE: Zero-Emissions Rollout Plan

The Innovative Clean Transit (ICT) regulation (Cal. Code Regs. Tit. 13 § 2023.1(d)) requires each transit agency to submit a complete Zero-Emission Bus Rollout Plan, approved by its governing body, showing how it plans to achieve a full transition to zero-emission buses (ZEBs).

The Rollout Plan lays out careful planning before the purchase requirements of ICT begin. Careful planning is essential to ensure the synchronization of vehicle procurement, infrastructure build-out, and fuel cost management. Rollout Plans will also improve the public, fuel suppliers, and the State's understanding of transit agencies' operations. This understanding could help provide more targeted support in developing incentives, inform fuel providers and utilities about potential infrastructure and electrical upgrades, and engage the general public about the environmental benefits of ZEBs.

STAFF RECOMMENDATION: APPROVE ZERO-EMISSION BUS ROLLOUT PLAN AND ADOPT RESOLUTION 23-04

ZERO-EMISSION BUS ROLLOUT PLAN

Basin Transit 62405 Verbena Road Joshua Tree, CA 92252 Basin-transit.com

Section H: Potential Funding Sources	13
Section I: Start-up and Scale-up Challenges	14
Section J: Resolution	14

Section A: Transit Agency Information

Morongo Basin Transit Authority (Basin Transit) is a joint powers authority (JPA) between the Town of Yucca Valley, the City of Twentynine Palms, and San Bernardino County.

1. Transit Agency's Name (required)

Morongo Basin Transit Authority (Basin Transit)

2. Mailing address (number, street, city, county, zip code) (optional)

Basin Transit, 62405 Verbena Road, Joshua Tree, CA 92252

3. Name of transit agency's air district(s) (optional)

Basin Transit is part of Mojave Desert Air Quality Management District (MDAQMD).

4. Total number of buses in Vehicles Operated in Maximum Service (optional)

Peak Vehicles: 13

5. Population of rural area (optional)

Population: 70,888

6. Contact information of General Manager (optional)

Cheri Holsclaw, General Manager 760-366-2986 cheri@basin-transit.com

7. Is your transit agency part of a Joint Group (13 CCR § 2023.1(d)(3) (required)

No. Basin Transit is not part of a Joint Zero-Emission Bus Group.

8. Service Area (optional)

Basin Transit operates public transit services in 10 desert communities including Yucca Valley, Twentynine Palms, Joshua Tree, and unincorporated areas within San Bernardino County, extending south to Palm Springs in neighboring Riverside County. Much of the Morongo Basin's residential and commercial development is along the State Route 62 corridor between Yucca Valley in the west and Twentynine Palms in the east. This development parallels the northern border of Joshua Tree National Park and is largely the service area for Basin Transit routes. Two regional, long-distance routes, 12 and 15, connect the Morongo Basin to Palm Springs.

9. Schedule and Operations (optional)

Basin Transit runs three types of routes: neighborhood shuttles, intercity service, and longer-distance service to Palm Springs. Basin Transit's eight bus routes include:

Route 1 – Intercity service between Yucca Valley and Twentynine Palms Transit Center or Twentynine Palms Marine Corps Base

Route 3A – Shuttle service between Twentynine Palms Transit Center and Twentynine Palms Marine Corps Base

Route 3B – Neighborhood shuttle around Twentynine Palms

Route 7A – Neighborhood shuttle around North Yucca Valley, servicing the Yucca Valley Transit Center and Walmart Center

Route 7B – Neighborhood shuttle around South Yucca Valley, servicing the Yucca Valley Transit Center and Walmart Center

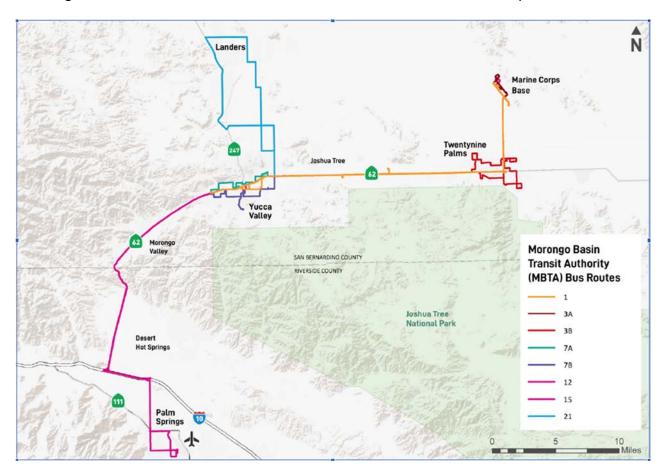

Route 12 – Long-distance service between Yucca Valley Transit Center and Palm Springs

Route 15 – Long-distance service between Twentynine Palms Marine Corps Base and Palm Springs

Route 21 – Shuttle service between Landers and Yucca Valley Transit Center

The majority of Basin Transit's neighborhood shuttle routes run between 18 and 24 miles in length; Route 21 runs on a 48-mile loop; the intercity route runs between 27 and 43 miles; and the longer-distance routes run between 39 and 79 miles, depending on point of origin relative to Palm Springs.

While most bus routes have designated fixed stops, in some areas there are no posted bus stops, and passengers may flag the driver to board. Deviations to the fixed route are also available to passengers who are unable to get to regular fixed stops by reserving at least one hour in advance. All routes will deviate up to ¾-mile, except for Route 21, which will deviate up to 1.5 miles. These deviations add slight variability and unpredictability both to the length of runs and blocks, and to the terrain over which the buses operate.

Section B: Rollout Plan General Information

1. Does your transit agency's Rollout Plan have a goal of full transition to zeroemission technologies by 2040 that avoids early retirement of conventional transit buses (13 CCR § 2023.1(d)(1)(A))? (Yes/No) (required)

Yes. In accordance with the ICT regulation 13 CCR § 2023.1, Basin Transit's fleet replacement plan serves as a blueprint for achieving a full transition to zero-emission technologies by 2040, considering minimum useful life of buses. Based on initial analysis, the last conventional bus is expected to be purchased in 2025. All new bus purchases are anticipated to be ZEB beginning in 2026.

2. The ICT regulation requires 100% ZEB purchase in 2029. Conventional transit buses that are purchased in 2028 could be delivered in or after 2029. Please explain how your transit agency plans to avoid potential early retirement of conventional buses in order to meet the 2040 goal. (optional)

Early retirement should not be an issue pursuant to the ICT regulation based on Basin Transit's procurement schedule. However, if it becomes one, Basin Transit will deploy various strategies to ensure that buses fulfill their "useful life". One potential strategy is to place newly acquired buses on Basin Transit's longest (distance) blocks of service. This will ensure that these buses meet their distance-based useful life requirement more rapidly.

3. Is a copy of the board approved resolution attached to the Rollout Plan submitted to CARB (13 CCR § 2023.1(d)(2)) (required)

Yes. See Section J for Resolution 23-04, to be approved May 25, 2023.

Section C: Technology Portfolio

 What type(s) of zero-emission bus technologies (e.g., battery electric and fuel cell electric buses) does your transit agency plan to deploy through 2040? (13 CCR § 2023.1(d)(1)(B)) (required)

ZEB analysis for Basin Transit's operations has determined that Battery-electric buses (BEBs) adoption is the ZEB technology that best meets the needs of Basin Transit for their purchasing and transition requirements pursuant to the ICT regulation. Fuel Cell Electric Buses (FCEBs), at this time, are not feasible due to no current manufacturers offering a cutaway vehicle.

Battery-Electric Buses

Basin Transit's future BEBs are expected to have specifications that are compatible with the Society of Automotive Engineers (SAE) J1772 charging standard (e.g., "plug-in charging"). It is recommended that Basin Transit specify charging ports on the rear of BEBs to allow for their existing site circulation and parking patterns to continue without additional modifications. Battery sizing (kilowatts) will be determined based on service needs requirements and what is available and feasible based on costs and weight. Charger rating (kilowatt-hour) will be based on service needs, battery acceptance, and costs.

Fuel Cell Electric Buses

Currently, there are no manufacturers in the U.S. market that offer a FCEB cutaway vehicle, deeming hydrogen power infeasible, under existing conditions. While a hydrogen-powered cutaway may be developed in the future, Basin Transit must plan and design for facilities and buses that are currently on the market to ensure they can comply with CARB's ICT regulation. However, as technology further develops, Basin Transit will remain open to technologies outside of BEB and will update plans, studies, and strategies, accordingly.

For specific blocks that are not capable of being served efficiently by existing BEB technology, FCEBs could be a viable option, if cutaways are eventually introduced to the market. In that case, it is recommended that FCEBs be fueled at future commercial/public hydrogen fueling stations located in either Twentynine Palms or Palm Springs or a purposebuilt Basin Transit containerized hydrogen storage and dispensing unit with precompressed hydrogen delivery on site.

Section D: Current Bus Fleet Composition and Future Bus Purchases

As of April 2023, Basin Transit directly operates 22 compressed natural gas (CNG) powered buses for fixed-route and on-demand services, and one (1) electric ADA van. Buses range between 25 and 36 feet in length. Table 1 represents Basin Transit's current fleet.

Table 1: Individual Bus Information (optional)

# OF BUSES IN REVENUE SERVICE	MODEL YEAR	<u>MAKE</u>	MODEL	FUEL TYPE	BUS TYPE	<u>LENGTH</u>
1	2011	EL DORADO	XHF	CNG	STANDARD	36'
1	2015	GLAVAL	ENTOURAGE	CNG	CUTAWAY	33'
1	2015	EL DORADO	AERO ELITE	CNG	CUTAWAY	32'
6	2018	SENATOR	STARTRANS II	CNG	CUTAWAY	25'
1	2016	SENATOR	STARTRANS II	CNG	CUTAWAY	25'
1	2016	ARBOC	SPIRIT	CNG	CUTAWAY	26'
3	2016	EL DORADO	AERO ELITE	CNG	CUTAWAY	32'
1	2016	GLAVAL	ENTOURAGE	CNG	CUTAWAY	33'
2	2018	GLAVAL	ENTOURAGE	CNG	CUTAWAY	33'
2	2019	GLAVAL	ENTOURAGE	CNG	CUTAWAY	33'
1	2017	GILLIG	LOW FLOOR	CNG	STANDARD	35'
1	2020	EL DORADO	AERO ELITE	CNG	CUTAWAY	32'
1	2021	GILLIG	LOW FLOOR	CNG	STANDARD	35'
1	2022	FORD	ETRANSIT	ELECTRIC	MINIVAN	19'

Assuming a 1:1 replacement ratio, each existing bus will eventually be replaced with a BEB cutaway bus (of similar size). However, the number of ZEBs required may increase based on service requirements. Table 2 represents a summary of Basin Transit's anticipated bus procurements through 2034. This replacement schedule is subject to change as Basin Transit periodically adjusts its service levels in response to rider demand.

Table 2: Future Bus Purchases (required)

<u>Timeline (Year)</u>	Total # of Buses to Purchase	# of ZEB Purchase	% of Annual ZEB Purchase	ZEB Fuel Type	ZEB Bus Type
2025	4	4	0%	CNG	CUTAWAY
2026	3	3	100%	ELECTRIC	CUTAWAY
2027	1	1	100%	ELECTRIC	CUTAWAY
2028	0	0	100%	ELECTRIC	CUTAWAY
2029	2	2	100%	ELECTRIC	CUTAWAY
2030	3	3	100%	ELECTRIC	CUTAWAY
2031	6	6	100%	ELECTRIC	CUTAWAY
2032	4	4	100%	ELECTRIC	CUTAWAY
2033	1	1	100%	ELECTRIC	STANDARD
2033	1	1	100%	ELECTRIC	CUTAWAY
2034	2	2	100%	ELECTRIC	STANDARD

Table 3 represents the required operating range for future zero-emission buses to serve Basin Transit's fleet and its estimated cost.

Table 3: Range and Estimated costs of Future ZEB Purchases (optional)

					
<u>Timeline (Year)</u>	Total # of Buses to Purchase	ZEB Bus Type	ZEB Fuel Type	Required BEB Range	Estimated Cost of Each Bus
2025	4	CUTAWAY	CNG	N/A	\$251,082
2026	3	CUTAWAY	ELECTRIC	250	\$412,990
2027	1	CUTAWAY	ELECTRIC	250	\$412,990
2028	0	CUTAWAY	ELECTRIC	250	\$412,990
2029	2	CUTAWAY	ELECTRIC	250	\$412,990
2030	3	CUTAWAY	ELECTRIC	250	\$412,990
2031	6	CUTAWAY	ELECTRIC	250	\$412,990
2032	4	CUTAWAY	ELECTRIC	250	\$412,990
2033	1	STANDARD	ELECTRIC	400	\$412,990
2033	1	CUTAWAY	ELECTRIC	250	\$412,990
2034	2	STANDARD	ELECTRIC	400	\$412,990
* The estimate co	et of an articulated h	ue ie unknown at thi	s timo		

^{*} The estimate cost of an articulated bus is unknown at this time.

 Is your transit agency considering converting some of the conventional buses in service to zero-emission buses (13 CCR § 2023.1(d)(1)(E))? (Yes/No) (required)

No. Basin Transit plans to replace the current CNG vehicles with electric vehicles after each vehicle has reached its useful service life during the years 2026-2034.

Section E: Facilities and Infrastructure Modifications

Since ZEB technology continues to evolve, it is difficult to commit to a costly strategy that may become outdated or obsolete in the future. For that reason, the recommended facility and infrastructure modifications are based on what can physically be accommodated at each facility. This provides the agency with a ceiling for what can physically be constructed

and at what cost. Service changes and bus movements may happen multiple times a year, for some agencies. By establishing a full build scenario, agencies can optimize, and tailor strategies based on existing (or anticipated) services for implementation.

<u>Phase</u> <u>Timeline</u>	<u>Address</u>	<u>Main</u> <u>Functions</u>	Type(s) of Infrastructure	Facility Service Capacity	<u>Needs</u> <u>Upgrade</u>
Present – 2028	62405 Verbena Rd, Joshua Tree CA	Fueling, Storage, and Maintenance	Installation of solar arrays with battery backup and wiring for overhead charging capacity up to 26 buses.	26 Buses	Yes
Present – 2028	6994 Bullion Ave, Twentynine Palms CA	Fueling and Storage	Installation of solar arrays, transformers and panels, conduit and wiring for charging capacity up to 8 buses.	8 Buses	Yes

Adhering to the construction schedule and milestones will be critical because the facilities' construction must be completed before buses are delivered, otherwise, the buses will not be able to operate. To accomplish this, construction for BEB-supporting infrastructure is expected to be done in phases to minimize disruption of operations.

Additional electrical capacity may be required to meet the service needs of buses at the Joshua Tree Yard if there is not enough space for the number of solar arrays required to charge up to 26 buses. Construction and enhancements to bring this additional electrical capacity are anticipated to take three to five years based on SCE's protocol. This timeframe would include methods of service studies, design, and construction. It is recommended that electrical infrastructure such as transformers and switchgears be installed with the initial phase to avoid the disruption of ongoing charging operations.

2. Please explain the types of necessary upgrades or infrastructure each facility or division needs to support your transit agency's long-term transition to ZEB. Please also provide the specification of each infrastructure in the related facility or division before and after the upgrades or modifications. (optional)

Basin Transit does not anticipate needing to make changes to the parking configuration to accommodate chargers. However, Basin Transit's transition to ZE technologies, namely, BEB, will require a number of modifications and changes to existing infrastructure and operations. This would include the decommissioning of CNG equipment, enhancements and expansions of electrical equipment, additional electrical capacity, and the installation of solar arrays, BEB chargers, and other components. These modifications will occur at Basin Transit's two yards in Joshua Tree and Twentynine Palms.

Based on Basin Transit's existing service needs and site configurations, Basin Transit plans on installing overhead plugin chargers to support BEBs at both Joshua Tree and Twentynine Palms yards. The proposed full facility layout is based on a 1:1 charging ratio. This charger-to-dispenser ratio would meet the requirements to charge Basin Transit's fleet during the vehicles' servicing and dwell time on the site while minimizing the peak electrical demand.

Joshua Tree Yard

Joshua Tree Yard Existing Conditions

Joshua Tree Yard is located at 62405 Verbena Road in the City of Joshua Tree. Electrical service is provided by Southern California Edison (SCE). Currently, 26 CNG-powered buses are stored, maintained, fueled, and serviced at the yard. Buses are parked one deep in angled tracks in the yard or backed in along the eastern fence line. Buses fuel with CNG when they return to the site at the end of daily service via one of two fast-fill CNG positions at the fuel canopy on the southeast corner of the site, or in one of the ten time-fill positions located along the northeastern edge of the parking lot.

The primary vehicles used for service out of Joshua Tree are cutaway buses, which are currently not available as FCEBs. For this reason, hydrogen power at Joshua Tree is not recommended. As these technologies become available in the future, Basin Transit may consider hosting a hydrogen fueling yard located on the southern portion of the site adjacent to the existing CNG yard if commercially available hydrogen fueling stations are not utilized.

Washing is handled by service staff in the mornings and evenings via a pressure wash unit located under a canopy on the southeast boundary of the site.

Joshua Tree Yard Planned ZEB Modifications

Overhead chargers and dispensers can be installed without any trenching modification to the existing paved parking areas. Installation for the Joshua Tree Yard is to install solar arrays with battery backup and 26 overhead charging dispensers constructed over the parking spaces on the eastern boundary of the yard.

Twentynine Palms Yard

Twentynine Palms Yard Existing Condition

Twentynine Palms Yard is located at 6994 Bullion Avenue in the City of Twentynine Palms. Electrical service is powered by Southern California Edison (SCE).

Currently, eight CNG-powered buses are stored and fueled at the division. The Twentynine Palms Yard site consists of the following separate structures and major site areas: bus parking, a portable restroom for operators, standalone fuel island, and an adjacent CNG compressor yard with support equipment. To the north, the rest of the site is used for storage, maintenance, and operations by the public works department.

Buses enter from Bullion Avenue and are backed in along the eastern and southern fence line for nightly parking.

Buses fuel with CNG when they return to the site at the end of daily service via either single fast-fill CNG position on the fuel island on the southeast corner of the site or in one of the six time-fill positions located along the southern edge of the parking lot. No maintenance, dispatch, or wash facilities are located on the Twentynine Palms Yard site for Basin Transit.

Twentynine Palms Yard Planned ZEB Modifications

Charger installation for the Twentynine Palms Yard would be to install asphalt, solar arrays with battery backup, and 8 overhead charging dispensers constructed over the parking spaces on the southern boundary of the yard.

3. Do you expect to make any modifications to your bus parking arrangements? (optional)

No, Basin Transit will utilize its original bus parking spaces.

4. Do you expect to need additional parking spaces for completing the transition to zero-emission technologies? (optional)

No, Basin Transit does not anticipate needing additional parking spaces.

5. Table 5: NOx-Exempt Area and Electric Utilities' Territories. (optional)

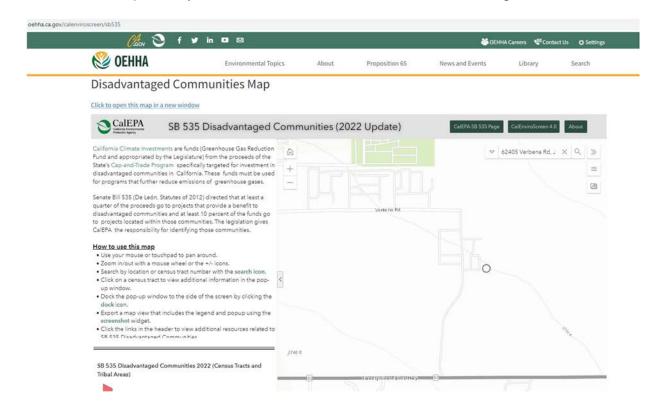

Division/Facility Name	Type(s) of Bus Propulsion System	Located in NOx- Exempt Area	Type(s) of Infrastructure
Joshua Tree Yard 62405 Verbena Rd, Joshua Tree CA	CNG	No	Southern California Edison
Twentynine Palms Yard 6994 Bullion Ave, Twentynine Palms CA	CNG	No	Southern California Edison

6. Please identify the electric utilities in your transit agency's service area. (optional)

Southern California Edison (SCE)

Section F: Providing Service in Disadvantaged Communities

 Does your transit agency serve one or more disadvantaged communities, as listed in the latest version of CalEnviroScreen? Yes/No (required)
 No. At this time, neither the Joshua Tree Yard nor Twentynine Palms Yard is in an area considered "disadvantaged". Its routes currently traverse 19 and 25 census tracts, respectively, all of which are not considered disadvantaged.

Section G: Workforce Training

1. Please describe your transit agency's plan and schedule for the training of bus operators and maintenance and repair staff on zero-emission bus technologies (13 CCR § 2023.1(d)(1)(G)). (required)

Basin Transit will use the training provided by the bus and charger manufacturers for the training of bus operators and maintenance staff on zero-emission bus technologies. Training will begin in 2026 since Basin Transit will procure its first BEB in 2026 with an expected delivery shortly after and training will be conducted in advance of the delivery of the first bus. It is expected that all personnel will be sufficiently trained before the first bus arrives.

Training conditions and schedules will be included in procurement documents, as they are with all existing procurements. If other OEM-provided buses are procured in the future and/or if new components, software, or protocols are implemented, it is expected that Basin Transit's staff will be trained well in advance of the commissioning of these additions. Since battery technology is rapidly evolving, it is likely that buses and their supporting battery chemistries and software will change between 2020 and 2040, therefore, Basin Transit's future procurements/deliveries will require a refresher or updated training for relevant staff.

In addition to manufacturer training, Basin Transit currently has the TAPTCO training program to develop mechanics which complies with FTA and FMCSA requirements. The program is administered by one (1) full-time training supervisor. The program not only covers safety, familiarity, and basic troubleshooting but also more in-depth procedures and troubleshooting. Safety training will be provided on an annual or other occurring basis to ensure that staff is knowledgeable and maintains best and safe practices when operating, handling, or servicing BEB-supporting components or infrastructure.

Timeline (Year)	Job Title	Type(s) of Training
2026	Bus Operators	Bus operators will need to be familiarized with the buses, safety, bus operations, and BEB operations.
2026	Mechanics	Mechanics will need to be familiarized with scheduled and unscheduled repairs, high-voltage systems, and the specific maintenance and repair of equipment.
2026	Facilities Maintenance Staff	Maintenance staff will need to be familiarized with scheduled and unscheduled repairs, high-voltage systems, and the specific maintenance and repair of equipment.
2026	Safety & Training Supervisor	Supervisors will need to understand all aspects of the transition of ZEBs to train others.
2026	Utility Service Workers	Staff will become familiarized with proper charging protocol and procedures that are ZEB-specific.
2026	Management Staff	All Management will be familiarized with ZEB operations and safety procedures.

Section H: Potential Funding Sources

1. Please identify all potential funding sources your transit agency expects to use to acquire zero-emission technologies (both vehicles and infrastructure) (13 CCR § 2023.1(d)(1)(H)). (required)

There are a number of potential federal, state, local, and project-specific funding and financing sources at Basin Transit's disposal. Basin Transit will monitor funding cycles and pursue opportunities that yield the most benefits for the agency pursuant to the ICT regulation. The following table identifies the many funding opportunities that Basin Transit may take advantage of in the next 20 years.

2. Table 8: Potential Funding Sources (optional)

TYPE	AGENCY	FUNDING MECHANISM
Federal	United States Department of Transportation (USDOT)	Better Utilizing Investments to Leverage Development (BUILD) Grants
	Federal Transportation Administration (FTA)	Capital Investment Grants – New Starts
		Capital Investment Grants – Small Starts
		Bus and Bus Facilities Discretionary Grant
		Low- or No-Emission Vehicle Grant
		Metropolitan & Statewide Planning and Non-Metropolitan Transportation Planning
		Urbanized Area Formula Grants
		State of Good Repair Grants
		Flexible Funding Program – Surface Transportation Block Grant Program
	Federal Highway Administration (FHWA)	Congestion Mitigation and Air Quality Improvement Program
	Environmental Protection Agency (EPA)	Environmental Justice Collaborative Program-Solving Cooperative Agreement Program
	Department of Energy (DOE)	Design Intelligence Fostering Formidable Energy Reduction and Enabling Novel Totally Impactful Advanced Technology Enhancements
State	California Air Resources Board (CARB)	Hybrid and Zero-Emission Truck and Bus Voucher Incentive Project (HVIP)
		State Volkswagen Settlement Mitigation
		Carl Moyer Memorial Air Quality Standards Attainment Program
		Cap-and-Trade Funding
	California Transportation Commission (CTC)	Solution for Congested Corridor Programs (SCCP)
	California Department of Transportation	Low Carbon Transit Operations Program (LCTOP)
	(Caltrans)	Transportation Development Act
		Transit and Intercity Rail Capital Program
		Transportation Development Credits
		New Employment Credit
Local and Project-Specific		Joint Development
		Parking Fees
		Tax Rebates and Reimbursements
		Enhanced Infrastructure Financing Districts
		Opportunity Zones

Section I: Start-up and Scale-up Challenges

1. Please describe any major challenges your transit agency is currently facing in small scale zero-emission bus deployment. (optional)

To comply with the ICT regulation's purchase and transition requirements, there are a number of challenges and opportunities that Basin Transit has identified. The following sections briefly describe some of the challenges that Basin Transit faces in its transition.

Uncertainty of ZEB cutaways. As discussed, there is a small market for ZEB cutaways. For the cutaways that do exist, there is uncertainty in their product range and if they're Altoona-tested. Unfortunately, the cutaway market does not currently offer FCEBs, so Basin Transit has no other alternative and will need to plan on BEB adoption.

Range issues. Basin Transit has some blocks that exceed the current BEB range. This means that Basin Transit will need to consider the following strategies to reduce or avoid service disruptions:

- Buy more buses. This can assist with service requirements; however, more buses will require more chargers, more space at the division, and potentially higher utility costs.
- Opportunity charging. This strategy could potentially reduce the costs (per bus) due to a smaller battery requirement, however, it would result in more capital infrastructure and utility costs.
- Service changes. This would require the manipulation of block structure. While the riders may not notice the change, the agency will need to consider the potential impacts on operator and maintenance costs.

Technological adaptation. Currently, Basin Transit is modeling and planning for a transition based on existing service and ZEB technology. With the 2040 deadline looming, it is difficult to anticipate future technological enhancements and changes, such as improved batteries and chargers. Slight changes in these technologies could improve bus ranges, in turn, reducing costs. Basin Transit (and the market) needs to be aware of these changes as it would be counterproductive to invest in technologies that will soon be outdated.

Costs. Adoption of ZEBs has many benefits, including potential lifecycle cost savings. However, the investment required for capital and change management will be very expensive. Basin Transit will need to be creative with funding mechanisms and sources to ensure that the transition to ZEB will not be detrimental to its operations and service.

Market Production Factors. The ICT regulation will put a lot of pressure on OEMs to produce ZEBs at unprecedented rates. However, it is not only California that is interested in converting to ZEBs. These monumental policy changes will have a great impact on these transitions, however, it will also make it challenging to meet ZEB goals for agencies if the supply of buses can meet with demand.

Section J: Resolution

To be included after it's approved on May 25, 2023 (see next page for template).

RESOLUTION # 23-04

AUTHORIZATION FOR THE EXECUTION OF THE ZERO-EMISSION BUS ROLLOUT PLAN

WHEREAS, California Code of Regulations Title 13, Division 3, Chapter 1, Article 4.3, Part 2023.1(d) Zero Emissions Bus Rollout Plan Requirements requires that a transit agency Zero-Emission Bus Rollout Plan must be approved by its governing Board; and

WHEREAS, Zero-Emission Bus Rollout Plan sets forth the <u>Basin Transit</u>'s plan which meets the following requirements:

- A goal of full transition to zero-emission buses by 2040 with careful planning that avoids early retirement of conventional internal combustion engine buses;
- Identification of the types of zero-emission bus technologies <u>Basin Transit</u> is planning to deploy;
- A schedule for zero-emission and conventional internal combustion engine bus purchases and lease options;
- A schedule for conversion of conventional internal combustion engine buses to zeroemission technologies;
- A schedule for construction of facilities and infrastructure modifications or upgrades, including charging, fueling, and maintenance facilities, to deploy and maintain zeroemission buses;
- Explanation of how <u>Basin Transit</u> plans to deploy zero-emission buses in Disadvantaged Communities;
- A training plan and schedule for zero-emission bus operators and maintenance and repair staff; and
- Identification of potential funding sources.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the <u>Basin Transit</u> hereby approves the <u>Basin Transit</u>'s Zero-Emission Bus Rollout Plan as set forth in full.

NOW, THEREFORE, BE IT RESOLVED that insofar as the provisions of any Ordinance, Resolution, document, or previous action of the Board and/or the Executive Director, prior to the date of this Resolution, are inconsistent with the provisions of this Resolution or any policy adopted by this Resolution, this Resolution and the Board Policies adopted herein shall control.

PASSED AND ADOPTED by the Board of Directors of the <u>Basin Transit</u> in San Bernardino County, State of California, on the <u>25th</u> day of <u>May 2023</u>.

Chair of the Board

I, Cheri Holsclaw, duly appointed and qualified, Clerk of the Board of the <u>Basin Transit</u>, do hereby certify that the above is a true and correct copy of a resolution passed and approved by the Board of Directors of the <u>Basin Transit</u> adopted at a legally convened meeting of the Board of Directors of the <u>Basin Transit</u> held on the <u>25th</u> day of <u>May 2023</u>.
